

BRIDPORT BUSINESS AWARDS

ANNOUNCEMENT

These awards are funded by sponsorship from local businesses including St Michael's Trading Estate. They wished their award to recognise the contribution the Hayward family have made to the town, particularly **Clive Hayward** who up until days before his death in 2019 was dedicated to the estate and its tenants.

So the award for New Business of the Year, that St Michael's Trading Estate sponsor, is this year officially being called **The Clive Hayward New Business of the Year Award**.

The awards committee believe that there is such a great correlation between St Michael's and new businesses as they have helped hundreds find a home to trade over the last fifty years. Not only have they given those businesses a place to thrive and grow but they have made that area of Bridport a vibrant hub that locals like to visit and tourists love to explore.
